Strength in combination with nutrition ensures victory with every rep. **Synthesis** Multi Creatine Complex is great power you can feel. Are you ready for it?

SYNTHESIS Food supplement
MULTI CREATINE COMPLEX

- Two most effective forms of creatine
- Enriched with beta-alanine and taurine
- Supports anabolic processes and muscle mass development
- Increases phosphocreatine supply

Synthesis Multi Creatine Complex is an advanced creatine stack enriched with beta-alanine and taurine. Nuclear Nutrition uses only proven ingredients – with creatine in two of the best-proven bioavailable forms you will be able to increase your energy reserves, enabling you to lift weights and complete sets like never before, while Beta-alanine and taurine will increase your endurance. Synthesis Multi Creatine Complex is a product that will maximise your muscle and strength gains. 'leave No Rep behind' and fix your place at the top of the food chain.

A chain reaction that will change you forever!

Flavours: Cranberry, Lime, Cherry, Peach, Strawberry.

1 x = 1 serving

Serving size: 1 heaped scoop (~7,9 g)	
Servings per container: 40	
Active ingredients in	7,9 g
Creatine monohydrate	3000 mg
of which creatine	2640 mg
Tri-creatine malate	3000 mg
of which creatine	2240 mg
Beta-alanine (as CarnoSyn®)	1000 mg
Taurine	500 mg

A chain reaction that will change you forever!

CHAIN REACTION Food supplement
BCAA 10:1:1

- Contains 7 of active ingredients
- Contains 12 g of BCAA including as much as 10 g of leucine
- Enriched with citrulline malate and beta-alanine

Chain Reaction BCAA 10:1:1 is an advanced combination of BCAA amino acids that are essential in muscle mass building and muscle functioning, containing very high doses of the effective leucine, that's coupled with functional additives. The caffeine and L-tyrosine will ensure the necessary level of concentration during exercising, while the optimal beta-alanine and citrulline malate dosage will increase muscular endurance and muscle pump.

Chain Reaction BCAA 10:1:1 is the beginning reaction that ends with your goals achieved.

Flavours: Peach, Raspberry, Pineapple, Lemon, Orange.

2 x  = 1 serving

Serving size : 2 scoops (~20 g) Servings per container: ~20	
Active ingredients in	20 g
L-leucine	10000 mg
L-isoleucine	1000 mg
L-valine	1000 mg

Are you running out of fuel? Need one more rep! Use the best source of energy and finish what you started

CARBO FUEL Food supplement
PRE, INTRA, POST WORKOUT

- Provide energy for muscle groups
- Enriched with AAKG and beta-alanine
- With an innovative proportion of BCAA
- Contains an optimal proportion of simple to complex carbohydrates

Carbo Fuel is the nitrous oxide to your engine. Forget about energy levels dropping during your workout. Thanks to AAKG, your dilated blood vessels will be able to supply more oxygen nutrients with beta-alanine positively affecting your muscle endurance. In order to protect your hard-working muscles, we have added BCAA to the product.

Fill your body with Carbo Fuel by Nuclear Nutrition and lead the Pack!
